Complete Side Mount Flagpole Kit

Designed for versatility and ease of installation, this all-in-one system allows you to raise, lower, and change flags, banners, or pennants without the need for ladders, drilling, or permanent modifications. Perfect for light poles, existing structures, or unique mounting locations, this kit provides a professional-grade solution for displaying flags in commercial, municipal, or residential settings. Its smart design allows for quick flag changes—especially useful during inclement weather—while maintaining a secure and reliable setup. Built with durable components and designed for long-term outdoor use, this kit simplifies installation while delivering dependable performance.

Key Features:

- **Convert Existing Structures:** Easily transforms poles, light poles, or vertical surfaces into a flag or banner display
- **No Drilling Required:** Mounts using stainless steel hose clamps (not included), preserving the integrity of the pole
- **Easy Flag Access:** Raise, lower, and swap flags quickly without ladders or special equipment
- **Weather-Ready Design:** Remove or change flags quickly during harsh conditions to extend flag life
- **Flexible Installation Options:** Can also be bolted in place if a permanent installation is preferred
- **Cleat Adapter Included:** Allows cleat installation without drilling into the pole
